

# *Rainforest Cottage*

Juneau, Alaska

## ***Directions***

The cottage is located at 873 Basin Road. Look for a big blue house on the right. Any taxi can get you there. It will cost about \$20 for a taxi from the airport. From the Ferry Terminal, a taxi will cost a whole lot more. Sometimes there is public transportation available - check at the terminal office. The best strategy is to make a friend on the ferry who will give you a lift downtown.

If you are driving...

**From the Ferry Terminal:** Exit the parking area to the right. You are quite a while from downtown. You will eventually see signs to the airport. Stay on the road you are on. When you see a large Fred Meyer department store on your left, follow the directions below.

**From the Airport:** Follow the signs to downtown Juneau. At the second light, turn left onto Main Street. In just a few blocks turn right on Second Street. Go through Seward and Franklin, the next street will be Gold Street. Turn left. You will be going all the way up the hill. At the top, the road will curve sharply right, then come to a stop sign. Turn left. Depending on how you count, the cottage will be the fourth or fifth house on the right - the only one with a full parking area off the narrow street. There should be room for two cars in the parking area, so be sure to make room for other guests.
